PREFACE.

This volume, the sixth volume of our series of extant Buckinghamshire Registers, includes the Marriage Registers of five parishes.

1379051

The records of forty-two parishes, very nearly a fourth of the whole county, have now been printed, and the editors would be glad to expedite the issue of the remainder if they could be assured of additional help in the work of transcription as well as an increase in the list of subscribers.

It may be convenient to the reader to summarise here what has already been done in the present series.

VOLUME I.

Cheddington, 1552	Hawridge, 1600	Pitstone, 1576
Cholesbury, 1576	Marsworth, 1591	Slapton, 1653
Edlesborough, 1562	Mentmore, 1575	Soulbury, 1575

VOLUME II.

Wendover, 1576	Ivinghoe, 1559	Aston Clinton, 1560
		Hormead, 1575

VOLUME III.

Wing, 1546	Hartwell, 1553	St. Leonards, 1739
Grove, 1711	Linslade, 1575	Sherington, 1688
Stone, 1538	Drayton Parslow, 1559	Westbury, 1558
		Chicheley, 1559

VOLUME IV.

Chenies, 1593	Chalfont St. Giles, 1584	Hedgerley, 1539

VOLUME V.

Beaconsfield, 1631	Hedsor, 1678	Dorney, 1538
Burnham, 1561	Hitcham, 1559	Fulmer, 1688
Wooburn, 1653	Taplow, 1710	

It has not been thought needful to print the entries verbatim. They are reduced to a common form and the following contractions have been freely used :—

w. = widower *or* widow.
s. = spinster, single woman, *or*
son.
b. = bachelor *or* single man.
d. = daughter.

p. = of the parish of.
co. = in the county of.
dioc. = in the diocese of.
lic. = marriage licence.
publ. = publication of intended
marriage.

It is not out of place here to commend a matter of the first importance. From the antiquarian and genealogical point of view no more urgent work exists in the county than that of arranging and indexing the Transcripts and Allegations for Marriage Licenses now kept at Aylesbury. It is possibly rather much to expect one individual to undertake the work, but it could easily be accomplished by two or three enthusiasts. It would be of the greatest interest to those numerous parishes in which the earliest registers are wanting and should be taken in hand without delay, as many of the records are perishing from want of care and the loss will be irreparable.

It may be well to remind the reader that these printed abstracts of the registers are not legal "evidence." For certificates application must be made to the local clergy.

The Editors will gladly welcome help in the work of transcribing the registers and will be glad to hear from any of the clergy who are interested. It is only by volunteer assistance that it becomes feasible to issue this series of parish registers.

Volume VII is in the press.

Buckinghamshire Parish Registers.

Marriages at High Wycombe,

1600 to 1812.

NOTE.—The parish of High Wycombe is by far the largest in the county of Buckingham, and one of the most important in the diocese of Oxford. The Earl of Wycombe is one of the titles of the Marquis of Lansdowne.

Volume I.—"A true Register of the names and number of such cupples as shalbe mariede at chepinge wickombe in the conty of Bucks from and after the five and twentithe day of march an dmi 1612." There are now 24 paper leaves, bound in vellum, measuring 15 ins. by 6 ins. and containing entries from 1612 to 1680. It is in a very bad condition, the edges having worn to shreds and fragments perished. Two contemporary registers of an entirely similar description contain the Baptisms and Burials. These are in better preservation, the paper being perhaps slightly stiffer. Baptismal entries deficient from 1629 to 1634 inclusive, 1648 to 1652 inclusive, and 1653 to 1673. Some of these extracts from the marriage register have been completed by reference to the Baptisms and Burials.

Volume II.—Parchment leaves, bound in vellum, 14½ ins. by 9½ ins. Contains marriage entries 1674 to 1754. In very good condition. From its uniformity it is probably a transcript.

Volume III.—Parchment with printed lines, bound in vellum, 13 ins. by 8½ ins. Banns and Marriages combined, 1754 to 1756.

Volume IV.—The usual book of printed paper forms, 15 ins. by 10 ins. Banns and Marriages combined, 1756 to 1781. With very few exceptions, the banns were not entered in this book unless the marriage followed.

Volume V.—A book of printed paper forms containing Marriages 1781 to 1812.

These extracts which amount to about 4,000 entries have been made by Mr. Thomas Gurney, of North Kensington, and are now printed under his supervision, by leave of Rev. E. D. Shaw, R.D. vicar of High Wycombe, and surrogate.

TRANSCRIPT EXTRACTS—GREAT WYCOMBE.

[Amongst the transcripts for High Wycombe were noticed pieces referring to Burnham, East Claydon, and other parishes so that a complete search would involve an examination of the whole of the transcripts for Buckinghamshire. Two pieces containing Baptisms and Burials only are dated 1590. Many of the transcripts have been destroyed recently by water and damp, and others are rapidly perishing by the same process. More suitable accommodation should be given them without delay.]

THE PARISH REGISTER : VOLUME I.

[The letters B.T. (which cease with 30 Jun. 1639), indicate that owing to the decayed state of the Register the portion enclosed in square brackets has been taken from the Bishop's Transcript, at Aylesbury, by permission of Thos. Horwood, esq., registrar. Square brackets and a line thus [—] indicate mostly that no transcript could be found to apply to the decayed portion of the Register.]

[Where the marriage license is not otherwise described in this volume (vol. II.), it may, as a rule, be understood to have been granted at Aylesbury. It is extremely regrettable that large numbers of the Allegations for Marriage Licenses have been entirely destroyed at Aylesbury by water and damp, and others are being rapidly demolished in the same way. Steps should at once be taken to prevent further destruction.]

Marriages at Bradenham,

1627 to 1812.

Vol. I. consists of 178 paper leaves, water-marked C.D.G., bound in leather and labelled 1698. Baptisms and Burials, 1627 to 1812; Marriages, 1627 to 1754. In good preservation. Measures 14 in. by 9½ in. It was probably commenced in 1698 and certainly rebound in 1764 when the label would have been transferred. In the latter year is a reference to the old parchment registers in folio and quarto of which this register is a transcript as far as 1698. Amongst the notes may be noticed:—An infallible cure for the bite of a mad dog, 1730; a desperate boxing match between Saml. Summerfield, of Chepping Wicomb and Robert Dutton, of Stokenchurch, resulting in the death of the latter, 1748; a remarkable flood, 1763; an earthquake at Oxford, 1764. The following names occur:—Lord Windsor, Lord Delaware, Lord Wentworth, Sir John Noel, of Kirkby Mallory, and John Hicks, esq.

Vol. II. Printed parchment forms, Marriages, 1756 to 1810. Bound in leather. Measures 15 in. by 10 in.

Lord Beaconsfield was living here when he made his first political speech at the "Red Lion," High Wycombe, in 1832.

These extracts were made by Mr. Thomas Gurney, and printed under his supervision by leave of Rev. R. Palmer, rector of Bradenham.

Marriages at Fingest,

1607 to 1812.

NOTE—The Church of St. Bartholomew is noticeable on account of its very curious tower; tradition says that some of its bells were lost in a sporting event to the neighbouring parish of Hambleden at a remote period.

Volume I. consists of 16 parchment leaves and 9 paper leaves; 20 of the original parchment leaves have been cut out about the Commonwealth period. Bound in parchment. Measures $8\frac{1}{2}$ in. by 6 in. Baptisms and Burials, 1608 to 1669; Marriages, 1607 to 1671. Two memoranda dated 1667 and 1672 refer to the ill-kept and confused state of this register and to certain entries "sett down in my almanacks.

Volume II. consists of 21 parchment leaves in good preservation. Bound in vellum. Measures 13 in. by $6\frac{1}{2}$ in. Baptisms, 1690 to 1745; Marriages, 1690 to 1746.

Volume III. has plain parchment leaves, bound in parchment-covered boards. Measures $11\frac{1}{2}$ in. by 7 in. Baptisms and Marriages, 1746 to 1812; Banns, 1756 to 1793.

These extracts have been made by Mr. Thos. Gurney and are now printed under his supervision, by leave of Rev. John Stratton Davis, rector of Fingest-with-Ibstone. We regret to notice that the Rev. Hy. Joscelyne, a former rector of the parish for 28 years who had gladly given his consent many years ago, died on 7th July, 1909, the day on which these extracts were completed.

Marriages at Ibstone,

1665 to 1812.

NOTE.—Part of this parish was formerly in Oxfordshire, but the whole has now been transferred to Bucks, and the rectory has been united with Fingest. The Church of St. Nicholas, standing nearly 700 feet above sea-level, on the breezy Chiltern Hills, is almost hidden from view by woodland, and one cannot help noticing the wild solitariness of its position. The return journey either from Great Marlow or High Wycombe will tax the endurance of the most eager pedestrian, especially if a short cut [?] be attempted across the fields.

Volume I. consists of 18 parchment leaves, measuring 14 in. by 8 in. It has lost its covers, and probably some leaves with entries of baptisms. Contains Baptisms 1770 to 1812; Marriages and Burials 1665 to 1812.

Volume II. consists of a number of loose sheets of paper of all sizes "left by Mr. Baker" and kept now as a parcel. The period from 1731 to 1838 is, to some extent, dealt with. Some of the records, which are mostly in an unlettered hand, appear also in the registers. There are also official instructions to attend the visitation at Beaconsfield in 1732, and to distinguish in the register by *what* surrogate the marriage licence is signed.

Volume III. is the usual book of printed paper forms, bound in sheepskin. Banns, 1771 to 1794; Marriages 1771 to 1812.

These extracts have been made by Mr. Thomas Gurney, and are now printed under his supervision, by leave of Rev. John Stratton Davis, rector of Fingest-with-Ibstone.
